Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant proposed changes to the claims to overcome the objections and clarity issues. Examiner indicated that the proposed changes would probably overcome the objections and clarity issues for claims 19-20 and 23-24. Applicant also proposed changes that would overcome the art rejections based on the Karlberg reference as the primary reference. These changes would specifically cite the ATR and kraft liquor stream as elements of the system of claim 11. Examiner indicated that these changes appear to be sufficient to overcome the art rejections based on Karlberg as the primary reference. Will consider the response when filed. .
